A1, Anjanisut Row Bunglows, Manik Nagar, Cidco Ambad Link Road, Cidco, Nashik.Pin code - 422010

# CURRICULUM VITAE

## Objective

To work with an organization, which provides me with the opportunities to apply my knowledge and improve my skill that are required to grow in the corporate world, which can help me grow fundamentally, as well as on the personal front. I wish to work in a competitive environment, which gives me new challenges to overcome and new frontiers to explore.

## Profile summary

Results-driven Electrical Engineer with **19 years of comprehensive experience** in **Project Management, Testing & Commissioning, Operations & Maintenance, and Erection & Installation** of electrical systems across diverse industries including **Petrochemical, Steel, Power, Automotive, and Pharmaceutical plants**. Skilled in handling **HV/EHV substations (11kV–220kV), transformers, generators, switchgear, PCC, MCC, motors, DGs, and GIS systems** with proven expertise in **power planning, preventive maintenance, protection systems, and energy optimization**.

Recognized for strong leadership in executing **greenfield and expansion projects**, managing **cost, resources, and quality compliance**, and ensuring adherence to **safety standards (ISO 14001, OHSAS 18001)**. Experienced in coordinating with statutory authorities such as **MSEDCL, MSETCL, and Electrical Inspector offices** for approvals and clearances. Adept at troubleshooting, root cause analysis, and driving **continuous improvement initiatives** to enhance reliability, reduce downtime, and optimize operational efficiency.

## Professional Experience

**June-2022 to till date**

**Sr. Reliability Engineer Electrical – M/s. Reliance Industries Limited.**

- **IMS Audit and Internal Audit:-** Compliance documents maintain under CES-ELE for IMS audit and performing internal audit. Certified internal auditor "Bureau Veritas" to conduct audits of electrical maintenance departments for IMS audit.
- **Maintenance support:-**Prepararing frame orders for maintenance support from ARC vendors. Managing and scheduling of vendor manpower to support maintenance plants. Overview and support to plants (LAB/PTA/PX & EC) to maintain BMP and LLF activities.

**Qualification:-**

- **B. E. in Electrical Engineering** from Govt. College of Engineering, Pune in 2006 / Scored 53%
- **Class 12th** from Jai-Hind College, Dhule, Nashik Board in 2002 / Scored 77.17%
- **Class 10th** from Jai Hind High School, Dhule, Nashik Board in 2000 / Scored 76.13%

- **Workshop Activities:-** Workshop related activities for Motor O/H, Motor Condition Signature Analysis and Residual Life Assessment analysis of HT motors.
- **Testing and Commissioning:**- Testing & commissioning of motors and MCC & PCC at PIA & MX project.
- **Turnaround planning and Budget activities:-** LAB plant motor overhauling and Installation, commissioning and Testing Intellligent MCC Simocode.
- **Regulatory compliance:-** Liase with state Electricity Board state PWD authorities for statutory compliance.
- **Root Cause Analysis and Troubleshooting:-** Preparing RCA applicability across plants PTA/LAB/MX/EC/100 kV Switchyards.
- **Contract Demand Extension and Open Access:-** Strong expertise in Open Access Power and Wheeling operations, covering regulatory, technical, and commercial aspects of power procurement and distribution. Skilled in coordinating with SLDCs, DISCOMs, and Regulatory Commissions (CERC/SERCs) for approvals, scheduling, and compliance under the Electricity Act. Experienced in managing power wheeling agreements, open access charges (transmission, wheeling, CSS, SLDC fees), and renewable energy integration for captive, group captive, and third-party consumers. Adept at power planning, tariff analysis, and contract management, while ensuring grid reliability, cost optimization, and statutory compliance. Recognized for bridging technical and regulatory frameworks to enable efficient energy management and cost savings for industrial and commercial consumers.

**March-2020 to June-2022**

**Proprietor Kapil Engineer**

Despite of challenges due to COVID -19 lockdown, restrictions & lack of experience as an entrepreneur, successfully managed to execute Supply, Installation, erection, commissioning, O&M eelctrical contracts at various locations in Jilha Parishad Nandurbar, MSEDCL Nashik Circle, MSETCL Nashik Division, Samrudhhi Highway etc worth Rs 70 lacs in two years.

**August-2018 to Feb-2020**

**Dy. General Manager – M/s. Divya Pharmacy- Patanjali**

- Finalization of utility layout.
- Finalization of electrical power system & sizing for entire plant.
- Dealing with Electrical Inspector, MSEDCL and MSETCL, MPCB, MIDC, PESO office for getting permissions.
- Finalization of sizing of utility, fire equipment.

**IT Skills:-** MS office, SAP, APM

**Key Skills**:- Team Leadership, Project Planning, Reliability Engineering, Logical Thinking

- Successful commissioning and operation of Plant

**July-2016 to August-2018**

**Sr. Manager Electrical – Raptakos Berett and Company Ltd.**

- Installation and commissioning of 500 KVA, 1250 KVA, Transformers
- Installation and commissioning of 2000 KVAR capacitor bank
- Electrification of threptin and spray dyer project at Dahej, Gujrat
- Design of power system for Raptakos children hospital
- Installation and commissioning of 5T boiler
- Capacity enhancement of electrical power system at Thane
- Installation & Commissioning of Liquid, Tablet & Ointment plant in Karad MIDC
- Dealing with Electrical Inspector, MSEDCL and MSETCL for getting permissions.

**August-2014 to July-2016**

**Manager Electrical – Perkins/Caterpillar India Pvt Ltd.**

- Installation & commissioning of 2 nos 33 KV, 2 MVA, 1 no 33 KV, 3 MVA transformers
- Installation & commissioning of 2 nos 415V, 1.5 MVA, 1 no 415V, 2 MVA Diesel Generators
- Installation & commissioning of LT substation, VCB, PCC, MCC panels, high bay lighting, street lighting, shop lighting, UPS
- Commissioning of 33 KV express feeder

**April-2013 to July-2014**

**Manager Electrical – Reliance Industries Ltd.**

- Re-commissioning of 220 kV, 20 MVA substation for extending 1.5MVA power to Reliance Retail facility
- Installation & commissioning of 2 nos 6.6 KV, 2 MVA transformers at Reliance Retail facility
- Installation & commissioning of 1 no 415V, 1.5 MVA Diesel Generator
- Managed all MSEDCL, MSETCL , Electrical Inspector approvals for modified electrical systems.

**Feb-2012 to April-2013**

**Dy. Manager Electrical – General Motors India Pvt. Ltd.**

- Street lighting atomization in entire complex completed using lux sensors.

**Sept-2008 to Feb-2012**

**Asst. Manager Electrical – Mahindra and Mahindra Limited**

- Enhancement of 132 kV system by introducing LILO system for avoiding total blackouts at Complex.
- Design & Execution of electrical infrastructure for 12 acre vehicle parking area & US export vehicle inspection shed.
- Arranged 11 kV express feeder from MSEB instead of common feeder for Nashik plant 2
- Significant energy saving by putting schemes like single phasing transformer, by using VFD for compressor water cooling pumps, by using electronics chokes & CFL lamps in the plant lighting, Optimization of DG trials to weekly instead of every day.

**July-2006 to August-2008**

**Testing/Design Engineer – Innovative Technomics**

- Commissioning of 2 MW HT soft starter for blower induction motor in Sunflag steel company – Bhandara.
- Commissioning of 800 KW rotor controller for forge in Mahindra forging –Chakan
- Commissioning of rotor controller for Ship Unloader in Ultratech Cement, Ratnagiri.
- Commissioning of load banks in Goa Ship yard – Goa.
- Commissioning of soft starter for IR compressor motors in Indo Rama Synthetic – Nagpur.
