CURRICULUM VITAE

OBJECTIVE

To work for Sustainable maintenance and Innovative projects for facility with strategic approach that can offer me a challenging opportunity to excel in the given task by using my knowledge with hard work and dedication.

Present Work Profile

Handling overall plant maintenance and utility operation with continuous improvement projects and Detail Maintenance budget preparation with tracking for cost control.

Conceptualization, design and execution of Green field and Brown field API project to meets all cGMP, FDA, Safety and regulatory requirements.

At present working as Sr. Manager Project and Engineering with Mac-chem Products (I) Pvt. Ltd., from 7th Oct. 2021 to till date.

Job responsibilities

- Preparation of engineering department yearly budget for utility operation / Maintenance, improvement projects and modification related activities.
- Tracking, controlling and regular monitoring of approved budget with tools like - Cost Control Plan/ Schedule Control Plan/ Quality Control Plan/ Resources management plan.
- Ensuring smooth and trouble free services provision to user departments.
- Planning and implementation of all the projects as per the approved URS (Users Requirement Specification).
- Imparting training about various utility operation, all process and utility equipment's maintenance and latest or newly introduced systems.
- Implementation of energy conservation program and optimization of services.
- Preventive maintenance, Performance Qualification, Validation with CSV and Calibration schedule preparation and execution as per plan.
- Technical Evaluation and Onboarding vendors for various AMC's and yearly contracts.

Strength and Capabilities

1. Handling team of 50 collogues and 2 Plants including Mechanical, Electrical, Instrumentation and documentation team leaders.
2. Plant Capacity handled from 1kg to 1000kg and single product to multi product Plant.
3. Plant Design, Project Execution, Making project operational, Maintenance and utility operation for various API category and quantities.
4. Detail experience of Oncology, Steroids, Sterile API, Biotech and General Products.
5. Procurement, operation and maintenance of various types of process and utility equipment's include but not limited to Isolators, lifelizers, clean utility, all common process and utility equipment's as per cGMP and various manufacturing standards.

Recent project handover in Year 2022

A Green field project spread over a 9520Sq.mtr land with cost of 90Cr. It includes

1. API manufacturing Unit for 37 Ton/Month capacity.

2.Utility Section with 3TPH Boiler.

3. Electrical installation 11KV express feeder to 415 V end use supply.

4. ZLD type ETP with capacity 110 KLD include MEE/ Secondary and RO treatment.

5. Fire Hydrant and Fire Protection system as per NFPA.

6. Fully equipped Quality control and Micro Biology laboratory.

7. Warehouse with Solvent storage and cold storage systems.

1. Worked as **Manager Project** with **Aarti Industries. Ltd.**, from 1st Sept. 2017 to 5th Oct.2021.

Achievements in Project

1 **A Green field project spread over a 16000 Sq.mtr land with estimated cost of 110Cr.**
2 **Executed Solvent recovery plant and Solvent storage tank farm with all necessary approvals from Govt. Authorities with cost of 12Cr.**
3 **Successfully developed and started Sterile Oncology API facility with Sterile Microbiology laboratory and Quality Control Laboratory with cost of 25Cr.**

2 Worked as **Manager Project** with **IPCA Laboratory. Ltd.**, from 25th July 2016 to 30th Aug.2017.

Activities performed in Project

Installation commissioning and successful handover of **Biotechnology Based API production facility** which includes major equipment's such as **Fermenters**, **Microfiltration and Ultra filtration** unit, **Spray Drying** unit, **Fluidized Bed Processing** unit **,RMG** unit and all other equipment's.

3. Worked as **Corporate Project Incharge** with **UnimaxChemicalPvt. Ltd.**, from 7th March 2016 to 24th July 2016.

4. Worked as **Assistant Manager- Engineering and Projects** with **Mac-Chem Products (I) Pvt. Ltd.**,from 27th July2009 to 29th Feb. 2016.

Achievements.

- Conceptualization, designing, execution, commissioning completion and successfully startup of Sterile API manufacturing Plant in year 2013.
- Successful completion and startup of Kilo Lab with minimum modification and down time in existing plant for ONCOLOGY Products in year 2012.

- Successful completion and startup of API manufacturing plant for multiple products in year 2010.

5. Worked as **Assistant Maintenance Engineer** with Aarti Drugs Ltd., from 24th Nov. 2008. To 20th July 2009.

6. Worked as **Junior Engineer** with Viraj Profiles Ltd -III in Oxygen Gas Production Department (Utility Plant) from 20th Oct.2005 to 15th Dec.2008.

7. Worked as Trainee Maintenance Engineer with Jindal Iron & Steel Ltd. from 16th Oct.2004 to 15th Oct.2005.

TECHINICAL PROFILE

B.Tech Mechanical **67.7**% -(2013)

DIPLOMA in **Mechanical Engineering** with **64.23%**– (2004)

P.Dr.V.V.Patil Institute of Technology & Engineering (MSBTE).

OTHER TECHANICAL SKILL

Certified Lead Auditor for ISO 9001:2015 (Quality Management System) CQI/ IRCA

Certified Lead Auditor for ISO 14001:2015 (Environment Management System) CQI/ IRCA

PIPING ENGINEERING

- Proficient in Pipe Rack Design, Bulk MTO, Study layout, Pipe thickness calculations, Preparation of Valve data sheet and Piping material specification.
- Knowledge of P&ID, MDS, Hookups, Plot plan, Stress Analysis.
- Familiar with codes such as ASME B 31.3, OISD-STD-118, ASME- SEC.-VIII.

COMPUTER SKILL

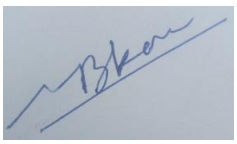
- Proficient in operating computer and capable to learn any software within few days.
- Familiar with Auto-CAD, ERP,MS-Project, SAP.

PERSONAL PROFILE

- Father's Name : Mr.BhalchandraL.Kore.
- Date of Birth : 27th August 1984.
- Marital Status : Married.
- Language Known : English, Hindi, Marathi &Gujrathi.

I hereby declare that all above given information is true to the best of my knowledge.

Date :



Place : Dahanu Rd.

(Mandar Kore)
